

Connecting to Midsummer

Connecting your Easy PV and Midsummer account will allow Easy PV to display your correct prices. This means you do not have to make changes to your goods prices in the financial task and you can be confident your jobs are being priced correctly.

To connect your Midsummer account

1. Navigate to **My account > Preferences > Connect to Midsummer**.
2. Input your Midsummer email address and password and click **Connect** to link your account.

Your browser may auto-fill with your **Easy PV** email and password, please ensure you are using your **Midsummer** details.

3. Your account will then refresh and your wholesale prices will apply.

For Easy PV Pro teams, each member will need to connect their wholesale account for discounts to apply.
